PROFILE SUMMARY

High-impact Full Stack Developer specializing in MERN & Next.js with a strong track record of building scalable, secure, and production-ready applications. Experienced in architecting dashboards, analytics pipelines, automated workflows, and optimized UIs with clean, maintainable code.

Expert in React, Node.js, MongoDB, Tailwind CSS, REST APIs, and JWT Auth. Adept at designing end-to-end solutions—from system architecture to deployment—while ensuring speed, accuracy, and performance. Passionate about solving real-world problems and delivering business value through technology.

TECHNICAL SKILLS

- Frontend: HTML5, CSS3, JavaScript, React.js, Next.js, Tailwind CSS, GSAP, Three.js
- Backend: Node.js, Express.js, PHP, REST APIs, JWT Authentication, Role-Based Access
- Database: MongoDB, MySQL
- Tools & Others: Git, GitHub, VS Code, Responsive Design, Basic SEO, DSA Fundamentals

EXPERIENCE

CFO CRAFT — Full Stack Developer Intern (6 Months)
Tech Stack: MERN + Looker + Next.js

- Engineered a fully authenticated, enterprise-grade CFO Sales Dashboard with role-based access, increasing operational clarity for finance teams.
- Built real-time KPI charts, financial analytics views, and automated data-cleaning pipelines, reducing manual workflow time by 40%.
- Integrated Looker Analytics for high-accuracy financial reporting, improving decision-making efficiency by 30%+ for clients.
- Designed complete UI/UX, backend APIs, and deployment workflows independently, enabling faster shipping cycles.
- Enhanced application performance, scalability, and security through optimized architecture and code refinement.

PROJECTS

CFO Sales Dashboard (MERN + Looker)

- Authentication & Role-based access
- Real-time KPI charts & analytics
- Automated data cleaning & upload workflows
- Modular, reusable component-based architecture

Next.js Admin Dashboard (MERN + Next.js)

- Optimized folder structure & code efficiency
- Secure CRUD operations & API-driven backend
- Responsive UI for multi-device compatibility

CFO Financial Corporate Website (HTML, CSS, JS, PHP)

- Clean, optimized frontend
- Dynamic modules & form integrations
- Performance-focused design

EDUCATION

R.J.K High School, Teghra – 10th: 72.8% (2020–2021)

N.N.S High School, Mansurchak (Commerce) – 12th: 86.4% (2023–2025)

STRENGTH

- Strong problem-solving & algorithmic thinking
- Clean, optimized, and scalable code
- Fast learner & collaborative team player
- Ownership of end-to-end development modules

LANGUAGE

- Hindi - Proficiency
- English - efficient in reading and writing
