- Database: MongoDB/MySQL
- Tools: Git, GitHub, VS Code
- Others: DSA (Basic), Git, Responsive Design, Basic SEO

EXPERIENCE

CFO CRAFT Company | As a Intern in full stack developer duration 6 months
- Built a fully authenticated and scalable CFO Sales Dashboard using the MERN stack, integrating automated data upload, cleaning, and real-time analytics similar to Zoho-style auto reporting.
- Designed and developed dynamic KPI cards, charts, and financial insights using Looker integration, improving data visibility and decision-making for enterprise users.
- Gained deep real-world experience in backend architecture, performance optimization, secure APIs, and automated workflows for large datasets.
- Independently handled end-to-end development, including designing, building, maintaining, debugging, and testing the entire dashboard system in a production-ready environment.

LANGUAGE

- Hindi - Proficiency
- English - efficient in reading and writing
